THE UNIVERSAL CAR

Have been built and actually delivered to retail buyers since August 1, 1916. These figures—320,817—represent the actual number of cars manufactured by us since August 1st, 1916, and delivered by our agents to retail buyers. This unusual fall and winter demand for FORD cars makes it necessary for us to confine the distribution of cars only to those agents who have orders for immediate delivery to retail customers, rather than to permit any agent to stock cars in anticipation of later spring sales. We are issuing this notice to intending buyers that they may protect themselves against delay or disappointment in securing FORD cars. If, therefore, you are planning to purchase a FORD car, we advise you to place your order and take delivery now.

IMMEDIATE ORDERS WILL HAVE PROMPT ATTENTION.

Delay in buying at this time may cause you to wait several months. Enter your order to-day for immediate delivery with our authorized FORD agent listed below and don't be disappointed later on.

NEWS OF THE WORLD

FRIDAY.

President Wilson appealed last night to the business men of the country to forego all selfishness and give as freely of their services and aid to the country as those who have offered their lives on the battlefield. The President's statement was made in connection with the price fixing plans of the Administration and he assured the business interests of the nation that just prices would obtain, but that no one would be allowed to extort unusual profits. "With patriotism there can be no thought of profits," he declared, and stated that the producers must reconcile themselves to agreeing on one price for the Government and the people.

Having broken the strong Austro-German line at Haliex, the Russians are now pressing toward Lemberg, the capital of Galicia, the battleground again in the foothills of the Carpathians. The Russians have taken 2,400 additional prisoners, bringing the total since July 8 up to 10,000. On the Belgian coast east of Dunkirk the Germans advanced 100 yards and claim 1,200 prisoners. Further inland they were repulsed by the British.

A slight increase in the effectiveness of the submarine campaign against British shipping is noted in the weekly report of British losses. Fourteen merchant vessels of over 1,600 tons were sunk the last week in comparison with fifteen the previous week. Under 1,600 tons three were lost, a decrease of two. With one exception this loss is the lowest of any week since Great Britain began issuing weekly reports of shipping losses four months ago.

Postponement of the drawing for the national army until next week was indicated in Washington yesterday when only twenty-one of the States had reported completion of the Exemption Board work. The Census Bureau has worked out a new set of paper population figures to determine the number of men to be taken, and under the new estimate about 166 men out of every 25,000 will be needed on the first call.

Private George King, Company C, Second Kentucky Regiment, is being held in Newport, Ky., on the charge of killing Police Sergeant Kohlhaven when the latter refused to release some of King's comrades, who are said to have stolen milk and bread from doorsteps.

SATURDAY.

Announcement was made last night by Maj. Gen. George W. Goethals, manager of the Shipping Board's Emergency Fleet Corporation, that on Monday he will offer contracts for construction of two Government shipbuilding plants to produce 400 steel merchant ships. Gen. Goethals also will outline to the country's shipbuilders his plans for commandeering 1,500,000 tons of shipping under construction for private account. This will be taken over completely and its construction expedited by giving Government help. As soon as the yards are cleared, each will be directed to start building a standardized ship. Additional contracts for both fabricated steel and wooden vessels, Gen. Goethals says, will require more money than Congress has authorized.

A formal order by President Wilson drafting 687,000 men into the military service under the selective conscription law was promulgated yesterday by the War Department together with an official allotment showing what part of the total must be furnished by each State and Territory. The only steps now remaining are distribution by the Governors of State quotas among the local exemption districts, and the great lottery, which probably will be held next week and which will establish the order in which the registrants are to present themselves for service or exemption. Kentucky's quota is 14,226; Indiana's quota is 17,619, and Tennessee's quota is 14,528.

There will be no constitutional convention held in Indiana next January, the State Supreme Court yesterday having declared the law, enacted by the General Assembly last winter, calling the convention and providing for

the holding of it, null and void. The decision holds that the Legislature has no power to call a constitutional convention without first having been directed to do so by the vote of the people of the State.

The British dreadnought Vanguard has been blown up by an internal explosion, with the loss of approximately more than 700 lives. The disaster occurred while the warship was at anchor and only three men, one of whom died later, were rescued. Nearly 100 other members of the crew, however, were not aboard. The Vanguard measured 19,250 tons and her complement before the war was 870 men.

American army officers have been instructed to furnish food to the 1,200 I. W. W. under detention in New Mexico. It is understood that many members of this organization are alien enemies, and all members of German sympathies will perhaps be interned by the Government.

Charges made in the Senate that Kentucky coal operators, as evidenced by a letter sent out by K. U. McGuire, were making a huge profit through the price suggested by the Government, were characterized as "foolishness" and "falsity" by Mr. McGuire last night.

Hattiesburg, Miss., has been selected as the training camp site for the Kentucky and Indiana National Guards. Northern Senators have launched a fight against the placing of all the camps in Southern territory.

Eleven neutral steamers with cargoes that will come under the embargo Monday left an Atlantic port yesterday and will attempt to run the allied blockade without British letters of assurance.

Emperor William of Germany has issued a decree favoring equal suffrage in the Empire. It is denied that Chancellor von Bethmann-Hollweg has resigned.

SUNDAY.

A Berne dispatch says an official telegram has been received there from Berlin announcing the resignation of Gen. von Stein, the Prussian Minister of War. The importance of his retirement lies in the fact that the Prussian War Ministry is in reality the War Ministry for the German Empire, and that Gen. von Stein is a staunch supporter of the Pan-Germans who are the bitterest opponents of peace without annexations or indemnities. Gen. von Stein recently aroused the ire of the Socialists by taking part in the distribution of Pan-German propaganda against peace efforts.

The political situation in Germany is still far from a solution, judging from the fragmentary news permitted to pass the censor. Rumors of the abdication of Emperor William and a strike of the Reichstag have received no confirmation. A wireless dispatch given out by the British Admiralty late Saturday evening, however, said Dr. van Bethmann-Hollweg, the German Imperial Chancellor, had resigned. A London dispatch says Dr. George Michaelis, Prussian Under Secretary of Finance and Food Commissioner, has been appointed to succeed Von Bethmann-Hollweg.

No additional information as to the date and exact method of the national army drawing was obtainable yesterday. The method probably will be announced on the eve of the drawing, and that will follow immediately upon receipt of official advice that the last local board has completed its organization work and filed its list of numbered registrants with the State authorities. There are nearly 1,000 districts to be heard from, but indications now are that all will have reported by the middle of next week and that the drawing can be held, if desired, on Friday or Saturday.

President Wilson issued a proclamation prohibiting German insurance companies from doing further business in marine or war risk insurance in the United States or forbidding American insurance companies from reinsuring with them. The proclamation contains the first official acknowledgment that valuable information may be getting to Germany through German insurance companies.

French courtesies marked every phase of a suffrage demonstration staged be-

fore the White House by sixteen members of the Woman's party as a feature for the anniversary of the fall of the Bastille. There was no little disorder that the crowd gathered for the show dwindled away before it was over.

The British transport Armadale was sunk by a submarine in the Atlantic on June 27, London reports. There was only a small number of troops on board. The Armadale, a vessel of 6,153 tons gross, six soldiers, one passenger and four of the crew are missing, and are believed to have drowned.

Kentucky is one of fifteen States that has not completed its returns for the draft drawing. Not a number will be selected until the Government is sure that every Registration Board's list is in Washington or on the way.

Senate leaders in conference yesterday practically decided to limit the Food Control Bill to foods, feeds and fuels and drafts of the proposed changes will be made Monday for consideration by the conferees.

The War Department Bill appropriating \$640,000,000 for construction of 22,000 airplanes was passed by the House late today without a rollcall. It was amended only in minor details.

MONDAY.

In Champagne, to the north of Mont Hainaut, and northeast of the Teton, the French, in a violent attack, captured powerfully organized German trench elements on a front of more than 200 yards and to a depth of more than 300 yards, and held and consolidated the positions, notwithstanding heavy counterattacks in which the Germans suffered heavy casualties and lost in addition 360 men made prisoner. Although rain and swollen streams are militarily against the fast prosecution of the Russian offensive in Galicia, the troops of Gen. Brusiloff nevertheless have driven the Austrians from positions southeast of Kalusz and taken more than 1,000 prisoners and a number of guns.

While the political situation in Germany still remains obscure, one of the chief Berlin newspapers is credited with the assertion that the resolution of the majority bloc of the Reichstag, which will be introduced on the reassembling of the Reichstag, will reassess the desire of the people of Germany for peace and that the Reichstag "labors for peace and a reconciliation among the nations." It is unofficially reported that Count Brockdorff-Rantzau will replace Dr. Alfred Zimmermann as German Imperial Foreign Secretary. At present he is German Minister to Denmark.

Presence of Missouri National Guardsmen in Flat River, Mo., failed to halt the exodus of foreigners. Rioting which had been in progress since Friday was not continued yesterday, but it is estimated that more than 1,000 foreign miners have left the district. Many did not wait for trains, but walked. The labor problem is acute and mine managers made several efforts to reach a compromise agreement with the American miners as to the employment of foreigners.

Disposal of the Administration Food Control Bill by the Senate, under its agreement for a final vote next Saturday, virtually comprises the entire program of Congress this week. In the fifth week of its consideration and with leaders co-operating to shape the pending measure to meet President Wilson's desires, the bill will be discussed after Wednesday under a five-minute limit of debate.

Louisville's national army cantonment will be known as Camp Taylor, according to official announcement by the War Department last night. The name was selected in honor of Maj. Gen. Zachary Taylor. The National Guard camp at Hattiesburg will be known as Camp Shelby, in honor of Gen. Isaac Shelby, first Governor of Kentucky.

Harvey D. Gibson, president of the Liberty National Bank of New York, has been made general manager of the Red Cross, to serve during the war without compensation.

The Norwegian liner Kristianfjord, carrying 1,200 passengers to Norway, ran aground yesterday off Cape Race in a fog. All of the passengers were landed safely.

Gen. Goethals will start his shipbuilding to-day by requisitioning a million and a half tons of shipping now under construction in American yards.

Serious differences have arisen between the Greek King and Premier Venizelos, according to a dispatch from Athens to the Paris Temps.

Washington officials have made arrangements for the draft drawing, it is said, and are awaiting receipt of full reports from all States.

A note justifying the export embargo sent to Spain by President Wilson has been made public by the American Embassy in Madrid.

A training camp for high school boys who will have charge of military training in the schools this fall opened today near Chicago.

Very slight casualties were suffered in the engagement between Republican and Monarchist troops in Peking.

TUESDAY.

Greece's status in the world war was defined when official information reached Washington that Greece not only had severed relations with the Central Powers, but is actually in a state of war with them. The Greek Minister to France informed Paris that the nation considers herself a full belligerent, and Senator Jonnart has reported that an army of 250,000 men will be raised to join the 700,000 allied soldiers in the Balkan fighting.

A new situation has arisen to delay the Government's ship building program. Maj. Gen. Goethals postponed his plan to requisition vessels under way and to let contracts for two plants and announced that the Shipping Board had asked for a delay in order to have more time to go over the program. The Shipping Board denied this, but

stated that Gen. Goethals had been asked to furnish additional information concerning his plans.

The German Washington Mutual Fire Insurance Company, of Louisville, is one of seven Kentucky mutual fire insurance companies which refuse to pay the premium tax of 3 per cent. for the support of the State Fire Marshal's Department and which have filed suit in the Franklin Circuit Court to enjoin Insurance Commissioner C. P. Thomas and Fire Marshal T. H. Fannell from collecting the tax.

Herr Bernhard joins with the press of Germany in criticizing the clumsy diplomacy of former Imperial Chancellor von Bethmann-Hollweg. Bernhard charges that Hollweg deliberately attempted to "play a double game" with President Wilson, and that during his negotiations with the United States his Foreign Secretary, Zimmermann, hatched the anti-American plot with Mexico.

Mrs. Rena Mooney, on trial at San Francisco on a charge of murder, endeavored to establish an alibi when she testified yesterday that she was at her apartment, more than half a mile away, at the time of the bomb explosion which killed ten persons during the Preparedness day parade last July.

Indications are that another gigantic loan will be asked for the Allies by this Government during the present session of Congress and may approximate \$1,000,000,000, it is stated. The present rate of credits by the United States to foreign Governments is more than a half billion dollars per month.

Dr. J. P. Sedgewick, professor at the University of Minnesota, will head a commission of American physicians who will go to France soon to treat thousands of children suffering from shell shock and diseases resulting from lack of proper care during the war.

The Annapolis Naval Academy authorities yesterday announced the names of 375 candidates who had passed mental tests. Over 1,400 took the examinations. The new class is expected to number over 800.

Mobilization of the National Guard for war service began yesterday, and there are indications that many units will be ordered to take transports for France soon after August 5.

TUSCOLA.

Farmers are about done working corn and are well pleased with the prospect of a fine crop.

The stork visited the home of H. A. Jordan last week and left a fine boy. Rev. Harvey Kelly has been holding a series of meetings at McDaniel with great success. More than a score have been converted and a large number reclaimed. Quite a number were baptized Sunday and the good work still goes on.

All our old pedagogues are attending the teachers institute this week. Monday, July 23rd, the school children with bright, happy faces will leave the corn field, the berry patch and garden and assemble at the various districts to be enrolled in school. The transaction from field and out-door life to confinement in the school room will cause that sleepy, drowsy feeling that every school boy is so familiar with. Teachers, have patience for you too were once pupils and had the same experience.

John H. Woods wife and babies passed through here enroute to Webbville last week returning Saturday to their home at Ashland. Mr. Woods has a great many friends here who are always pleased to see him.

Candidates are moving round like flies before a storm. The roar and buzz can be heard on every side. Of course, all have the nomination won according to their version.

Lewis Thompson and son John and Luther Cunningham were at Louisa on business Monday.

Mr. Whit of Carter county visited his daughter, Mrs. Mintie Rice here last week.

C. W. Rice was at Webbville Saturday.

Wm. Dean and Heston Rice were at Prosperity Sunday.

Jim Woods and others were here Friday.

A. M. Watson passed here last week with a drive of fine cattle.

Some miscreant shot Wm. Dean's cow a few days ago. She was a fine Jersey cow giving a large quantity of milk that Mr. Dean's little children needed. She was in Jim Prichard's corn when shot.

Charley Brainard visited his children here last week returning to his work up Big Sandy Saturday.

Our Sunday school under the efficient management of Mrs. Kittie Jordan is progressing nicely. Woman's sphere is broader than the kitchen.

OLD LEM JUCKLENS.

HUDNALL, W. VA.

Martin Curmutte, an employee of Gallagher coal mines, met with an accident last Tuesday while at work, by two motors running together. One arm was broken and his head bruised up. He is reported to be some better.

Did You Ever Pay a Bill Twice

The one who has not had to pay more than one bill the second time is the exception and not the rule. Few people when paying a bill ask for a receipt and if they do they fail to keep the receipt. Did you ever have a dispute over a payment? Unpleasant is it not? Do you wish the circumstance to occur again? There is one sure way to escape it. Pay your bills with checks. If you received no interest on your idle money it would only show good sense and good wisdom to have it in a BANK. Transact your business in a business way and pay your bills by checks. Your check when returned to you makes an indisputable receipt. A bank account makes you systematic and encourages you to save part of your income. Many a man has become rich because he became interested in watching his bank balance, and was thus led to find ways to increase it. Start a BANK ACCOUNT with US and WE will help YOU make it larger.
